

Further Delays In Opening Road At Emerald Bay Seen

Hope Dims For Clearing Of Slide As Officials Oppose Span

SACRAMENTO—(CNS)—The state highway around Lake Tahoe, long a scenic attraction for thousands of tourists, will not be open until the latter part of July, and perhaps not then, J. W. Trask, district engineer for the state division of highways, announced here today.

The road was closed by landslides at Emerald Bay last winter, when more than 400,000 yards of dirt slipped down upon the highway. Already one man has lost his life in the clearing operation.

Trask said he has five pieces of equipment working on the road, but because of the terrain, the progress is slow.

Meanwhile, tourists must go clear through to Nevada if they wish to make a tour around the lake.

At the same time, J. C. Womack, chief of the planning division of the state division of highways, said his office probably will be ready to present plans to the state highway commission at its meeting in late August, for a permanent solution to the Emerald Bay road, which is closed annually because of snow and slides.

Womack said plans have been submitted both for a low level road, and a highway following generally the contours of the present high level road. The state division of beaches and parks and state park commission oppose the low level road on the grounds that a bridge across the mouth of Emerald Bay would destroy its natural beauty.

JOERGER REPORTS THEFT OF STOCK AT RANCH NEAR HERE

The possibility that the land owned and controlled by J. E. Joerger, south of the Truckee river from Truckee, may be turned into a game reserve and restricted entirely to hunters and fishermen loomed this week with an announcement from Joerger that he is losing stock.

The local rancher reported that last year he lost 18 calves and four cows, apparently stolen from the property. The loss was checked through an accurate count, Joerger said, and there is no mistaking the thefts.

Joerger said did not wish to deprive sportsmen of the privilege of using his property and that he would do almost anything within reason to keep the land open, but that he could not continue to suffer the losses which have been incurred in the past.

The rancher said he had used every method to apprehend the thieves without avail and declared that if the thefts continue he will be forced to restrict the land either through creation of a reserve or rigid posting and enforcement against trespassers.

APPEAL MADE FOR SUMMER CAMP FUND

Rev. Wesley H. Osman announces that there are several young persons who are desirous to go to a Methodist Summer Camp, but that the lack of money is stopping them. Anyone wishing to give a half a campship of \$10 towards a young persons expense at camp should notify Rev. Osman at once.

Rev. Osman also states that camp registration is filling rapidly. If there are still young people between the 7th grade and high school seniors who want to go they should see Rev. Osman and fill out an application immediately.

HOSPITAL OFFICIAL SCANS LOCAL PLANT

Dr. LeRoy E. Bates of the American Hospital Association was scheduled to visit the Tahoe Forest Hospital this week where an inspection will be made to determine the accreditation of the local institution.

Dr. L. D. Nelson, chief of the medical staff, and J. J. McGlade, hospital administrator, were hosts to Dr. Bates on the visit here.

GLENN COFFEY HURT IN COLFAX ACCIDENT

AUBURN—Glenn F. Coffey of Truckee, Nevada County, was treated in the Highland General Hospital for minor injuries suffered when his car overturned on US Highway 40 near Colfax after striking a deer.

Lyons Return

Mr. and Mrs. James Lyons, daughter Ellen and grandson Mickey were happy to return here from New York after an absence of five years.

Lyons is employed by a local lumber concern.

Outdoor Sportsmen Plan Jeep Trip At Meeting Tomorrow

An interesting meeting of the Truckee Outdoor Sportsmen has been called for Friday evening at 7:30 at which time an official of the Nevada State Fish and Game Commission will show pictures of fish life in Pyramid Lake.

The series of colored photos will trace the history of fishing in the lake and those who have seen them report they are most interesting and instructive.

Charles Osburn, the club's vice president, also announced that detailed plans for the annual jeep trip to White Rock will be made at Friday's meeting. It is tentatively arranged for the trip to start Saturday morning with the group returning Sunday night after spending two days in the vacation area where fishing, hiking, visiting and eating will be among the attractions.

Those desiring to make the trip are asked to contact Osburn so that arrangements can be made. Everyone is welcome and it is expected that six or eight jeep loads will make the trip.

Osburn urges everyone to attend the meeting Friday night whether they are members of the club or not.

Summer Classes Opened At Tahoe

TAHOE CITY—Classes in the Sacramento State College summer session at Tahoe City were started Monday and will continue through August 17. Art, drama, music and science are the courses being offered.

The faculty includes Paul Beckman, associate professor of art and coordinator of the session; Dr. Richard A. Carpenter, assistant professor of music; Dr. Robert L. Livezey, assistant professor of life science, in charge of nature study and science classes; Dr. Carl A. Thomas, assistant professor of speech and drama, in charge of drama activities and classes.

Due to limited facilities at the Tahoe Lake school, enrollment is being limited to about 25 people. Registration is held on July 9, 23 and August 6, with limited registration each Monday during the session. Enrollment is accepted for two or more weeks.

Living facilities are the responsibility of the individual student, but for the most part the students are making use of state and federal campsites, trailer courts and motels in the vicinity.

Truckee Man Is Booked On Failure To Pay Fine

AUBURN—Charles E. Hopper of Truckee, Nevada County, was booked in the Placer County jail on a bench warrant issued in the Auburn Judicial District Court, charging failure to pay a fine imposed for drunk driving. He is also held on a telegraphic request of the Fresno police on an unspecified charge.

"Sage Hens" Will Hold Trials At Sugar Bowl

Northern California's "Sage Hens", one of two top women's retriever trial groups in the United States, will have their second license trials at Sugar Bowl Friday, Saturday and Sunday, July 13, 14 and 15.

The winter ski resort will have a brief three-day fling that week end with competitors coming from all over the Pacific Coast and Arizona. Spectators will drive up from San Francisco and over from Reno and Lake Tahoe.

During the day the women, feminine counterpart of the Northern California Retriever Trial Association, will be working to prime their dogs for entrance in the national trials. In the evening there will be plenty of informal party time.

Cub Scouts Will Play Baseball Next Tuesday

Daryl McGibbon announced the Cub Scouts will play baseball at the local diamond, 7 p.m. next Tuesday and at that time plans for a camping trip will be discussed.

All interested Cub Scouts, den mothers and committee members are urged to attend the meeting.

Five Accidents In Area Sent Three To Hospital Here

Car Crashes Into Tree At Tahoe To Injure 3 Occupants

Five automobile accidents in which people were hospitalized were reported by the California Highway Patrol during the week end.

Friday morning at 1:15 a car driven by Manuel Reyes, Jr., Los Angeles, employed at Tahoe Tavern, got out of control near Carleton Bay and crashed into a tree and damaged the fence of the home of Mrs. E. W. Chism.

Taken to the Tahoe Forest Hospital for treatment were the driver, Bernice Dillon, Boston, and William H. Peters of San Diego. Patrolman Roy Stallard cited Reyes for driving without due caution.

Hits Parked Car

Mrs. Martha Helen Clayton, Woodland, told Patrolman William Gausche she was blinded by the sun reflection when she drove her car into the side of one owned by Elden Tonin and parked in front of the latter's liquor store in Gateway. No one was injured but the Tonini car was damaged. The mishap occurred at 10:30 a.m. Sunday.

Cars Collide

Cars driven by Irvin A. Biggs of Reno and Robert Franklin Randolph of Dixon collided Sunday afternoon a mile east of Truckee when Randolph was charged with making an illegal left turn. Patrolman Martin Sturcke cited Randolph.

Driver Cited

Joseph Ferullaney of Bronx, N. Y., was cited for being on the wrong side of the highway after his car and one driven by Leo Kruse of South Dakota collided nine miles west of Truckee Saturday afternoon. Patrolman Carroll Maynard issued the citation. No one was hurt.

Eddie Earl Guyton of Reno was cited for speeding after his car ran off the road and down an embankment near Hirschdale Saturday at 11 p.m. Jean Mulhern, 17, suffered minor injuries. Patrolman Martin Sturcke cited Guyton.

SCHOOL BOARD TO MEET ON JULY 17

The next regular meeting of the governing board of the Tahoe Truckee Unified School District will be held Tuesday, July 17 at 8 p.m. in the high school.

Among other matters to be taken up will be opening bids for clearing and surfacing the playground at the Kings Beach School, oil and paper supply.

Reg Smart, board president, will be in charge of the meeting.

Five Loynd Brothers Hold Family Gathering

For the first time in many years, the five Loynd brothers, Walter A. E. L. of Truckee, H. J. of Detroit, Frank and William of San Francisco, enjoyed a family reunion here during the weekend.

The gathering was occasioned by a conference of officials of the Parke Davis Company of which H. J. Loynd is president. Other officials in the group included Carl Johnson, general sales manager, Carl Fisher, San Francisco branch manager, Frank Joechms, Denver branch manager and Rolley Rawlston, sales supervisor from Los Angeles.

The entire group assembled at the E. L. Loynd home for dinner before leaving for their respective homes.

Robin Waters Home Again—

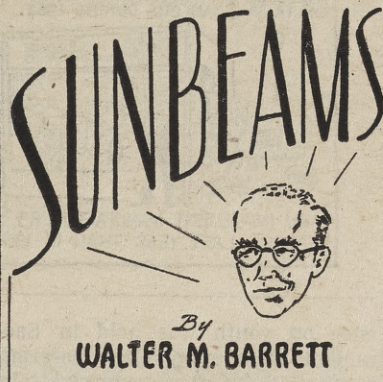

Robin Waters who will be one year old on June 26 was taken home by her parents Mr. and Mrs. Roy Waters last Thursday after she had spent several days in Tahoe Forest Hospital with an intestinal infection.

Snyder Guests—

Sergeant Frank Snyder during the weekend had as his guests his son, Walter, and Scott Smith of Sacramento and his niece, Toni Moore of San Bernardino who visited Miss Sandy Snyder.

Dance At Lake—

A Concord square dancing group held their meeting at Donner Lake last Saturday, inviting the local dancers to take part in the evening.

Folk Dancers Will Stage Festival At High School Sun.

Several Hundred Expected To Participate Here In Program

Several hundred exponents of square and folk dancing are expected to attend the festival to be held next Sunday, July 15 in the Tahoe Truckee High School gymnasium which is being arranged by the Donner Dancers and Tahoe Twirlers.

The event is free, according to Daryl McGibbon and all are welcome to attend.

Dancing will start at 1 p.m. and continue until 5 p.m., resuming again at 7 and ending at 10 o'clock.

Dancers have been asked to take their picnic suppers to the Donner Memorial State Park between the hours of 5 and 7, coffee to be available there.

The Sierra Nevada Folk Dance Federation is sponsoring the affair which will bring many clubs to the region. Lloyd Everett is chairman of the affair.

OUTBOARD RACES TO BE ATTRACTION AT DONNER ON JULY 22

Hal Welch, president of the Truckee Chamber of Commerce, this week announced that plans are progressing for holding the annual outboard championship boat races at Donner Lake Sunday, July 22.

A long list of entries, including some of the fastest boats and most experienced drivers in the west is on the program and the day promises to be a thrilling one for lovers of water sports.

The events will be sanctioned by the National Power Boat Association.

Rex Reid is chairman of the committee in charge of the program.

CARELESS SMOKER IS BLAMED AS FIRE HITS EAST OF HERE

A careless smoker again took the distinction of being the cause of forest fire number five last Friday afternoon, the blaze starting approximately a mile beyond the Flyers Club, between the highway and the Truckee River.

A pumper sent from the neighboring Toiyabe Forest augmented the men and equipment from the U. S. Tahoe Forest Service to put out the half-acre blaze in the brush.

Harry Toccalini said that the record precipitation of last winter has caused a higher grass in the area which soon becomes dry and he repeated the need for caution when camping or smoking in the forest.

FORMER LOCAL MAN SENT TO SAN QUENTIN

Fernan Correll, 56, erstwhile Truckee culinary worker, who served two years in the Nevada County jail on a three year term for smuggling articles into the jail for Jack Santos and Emmett Perkins for their jail break, has been sentenced to San Quentin by Judge James Snell.

Correll was arrested last month on a grand theft charge and since he was on seven years probation, the prison sentence was handed down.

The adult authority at San Quentin will prescribe the length of sentence.

Visit Sites—

Major and Mrs. Charles O'Malley of Santa Ana and their five children have been visiting here with Mr. and Mrs. Donald Sites. They are on their way to Quantico, Virginia, where the major will attend an army school for officers.

At Osburn's—

Robert Moore, a former Truckee resident has returned and is employed as stock room clerk at Osburn's Buick Garage. Moore hopes to bring his family from Hayward in the near future.

New Chrysler—

Mr. and Mrs. Walter Loynd are the owners of a new Chrysler sedan.

Have New Buick—

Mr. and Mrs. Charles Osburn are driving a new Buick super purchased from Osburn's Buick Garage.

Health Conference
KINGS BEACH—A child health conference is scheduled for 1 p.m., July 19th at Carpenters Hall in Kings Beach.

Law Enforcement Need In District Stressed By Dolley

More Officers, Radio Cited As Necessary To Keep Area Policed

The fast increasing population, coupled within adequate law enforcement, is creating an unhealthy condition in the eastern end of Nevada County.

Constable N. F. Dolley this week pointed out the increasing number of thefts and burglaries—some reported—many ignored by the losers, and stressed again the urgent need for additional law enforcement personnel.

Last summer the Truckee Chamber of Commerce, various other civic and community clubs as well as the officers themselves, urged the immediate appointment of at least one additional deputy to patrol this area. The plea was in vain, although District Attorney Vernon Stoll and Sheriff Wayne Brown each supported the plan before the board of supervisors.

For many years this area has been policed by only one deputy sheriff who is required to care for the widespread area 24 hours a day for seven days a week, an impossible feat.

Dolley said that during the past weekend alone three burglaries were reported in the area and with the influx of new residents, both good and bad, the condition is becoming worse and nothing has been done to correct the situation, despite promises from official quarters.

Dolley, whose official duties as constable do not include policing, last year notified the supervisors that he was "discontinuing his efforts as a law enforcement agent and would confine his activities to those prescribed for the constable."

"We cannot expect this condition to improve unless more help is provided in this end of the county," Dolley declared. "We are not seeking something for nothing as the taxes we pay far more than offset the expense involved for this item alone, but unless something is done soon, we can expect increased law violations."

Supervisor H. G. Loehr said he is firmly behind a request to employ additional officers for this end of the county.

Another important item which has been approved after months of discussion but which has never gone beyond the planning stage is the installation of a two-way short-wave radio here to be manned on a 24-hour basis. The installation of such equipment, approved by those in authority, would keep officers in close touch with one another and provide for speedier detection of criminals.

ANNUAL SILVER TEA OF WYETHIA JULY 19

Mrs. Ray McCarty, president of the Wyethia Club announced that the annual silver tea will be given on July 19 between the hours of 2 and 5 o'clock in the garden of her home at Soda Soda Springs.

Mesdames Charles B. White, Charles Heller will preside at the tea table.

Mrs. McCarty also announced that the meeting days of the organization have been changed from the first and third Fridays of the month to the first and third Thursdays of each month.

ROY ELF NOW HEADS CHAMBER AT DIXON

Mr. and Mrs. Roy Elf of Dixon visited local friends last week while vacationing at Incline Beach. Elf who is president of the Chamber of Commerce at Dixon, beside his bank duties, is recovering from a recent illness. The couple's three children, including a ten months old daughter, born after the family left here, are visiting relatives in Nevada for a few weeks.

O'Bear Children Occupy Two Different Hospitals

Two of the six children of Mr. and Mrs. Charles O'Bear of Donner Lake spent the same days of last week in two different hospitals with Jennifer Ann, six years old, going to Reno for an eye operation, following a past automobile accident. Brother David Whitley, 15 years old was rushed to Tahoe Forest Hospital where he underwent an emergency appendectomy.

The children are recuperating at home now, curtailing the necessity of the family going back and forth to the hospitals to see the young patients.

Harvey Hockers Move To Greenville To Live

Mr. and Mrs. Harvey Hocker and three children have moved to Greenville where the former will have charge of the latest Z Market.

The family expects to return here in the late fall.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS)—Now that summer vacations in California are in full swing for most teenagers, the old problem rises once again, and that is what to do with the teen-ager during the summer, especially in those homes where both parents are employed.

The problem of employment for youth is something like the weather, which as everyone knows, everybody talks about, but nobody does anything about it. It may not be that bad in all parts of California, as many communities are endeavoring to provide some kind of employment for young people during their off school months.

The real question that nobody does anything about, however, is the antiquated "child labor laws" of California, which prohibit children from working in certain occupations, and thereby contribute to idleness, delinquency, and finally crime.

This problem was discussed last April when at the behest of Governor Goodwin J. Knight, a conference

THINGS TO TALK ABOUT

BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia

THE U.S. AIR FORCE RECEIVED AN
AVERAGE OF ONE REPORT PER DAY
ON FLYING SAUCERS DURING 1955.

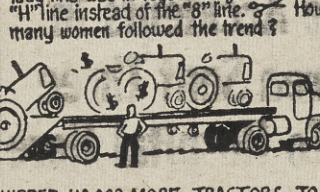

FARM IMPLEMENT MANUFACTURERS SHIPPED 110,000 MORE TRACTORS TO
DEALERS LAST YEAR THAN IN 1954. (ABOUT 335,000 IN 1953).

HIGH STYLE SHOP

Fashion dictators decreed that the "thin-
line" was in vogue last year with the
"H" line instead of the "B" line. How
many women followed the trend?

ence on youth was held in Sacramento. Like many other conferences called by the governor, talk was profound, recommendations were plentiful, but the substance of the activity was little more than an airing of the youth situation in California.

Although nearly three months has elapsed since the conference was held, nevertheless the state is just coming out with a published booklet containing the recommendations and suggestions developed at the conference.

Among these, was reference to youth employment, a subject discussed by several sections in the conference. The conclusions were that "we should study and evaluate not only existing child labor legislation, but also school attendance laws."

"Union representatives should be encouraged to consider programs which would allow flexibility in admission to union membership, particularly in regard to age limitations."

Some recommendations came up favoring programs similar to the old Civilian Conservation Corps, presumably with establishment of mountain camps and a work, as well as a recreation program for summer activity. This might help solve part of the problem, but it would not be sufficient for the younger teen-agers.

Whether work programs such as have been established in Berkeley, Richmond, Watsonville, and Santa Barbara could be expanded on a state-wide basis is a question, but there appears to be no question what any community which might wish to engage in such a program could do so profitably.

But the main point is for some legislator to figure out ways and means to change the child labor laws so they can be applicable to modern day living, and at the same time, prevent the exploitation of the young people. It is disconcerting for a young teen-ager to want to work on a farm during the summer, have the opportunity to do so, and be told that the far-

Record Employment In State Reported In May

SACRAMENTO (CNS)—Record employment in the construction industry during May was reported by the state department of industrial relations.

Ernest B. Webb, department director, said the industry employed 295,600 workers, a ten percent increase over May, 1955.

A new high in wages also was set. Earnings of all workmen, including apprentices and helpers, averaged \$3.01 an hour. It was the first time the industry's average hourly wage topped \$3.

Webb said the average work for May was 35.9 hours, about an hour less than a year ago.

Electrical workers earned the highest average hourly pay, which was \$3.38. Masonry and plastering workmen averaged \$3.29, plumbing and heating, \$3.21, general building contracting \$2.92, and heavy construction, \$2.94.

Office Of Coroner Goes To Grass Valley Firm

Nevada County Coroner Alvah Hooper of Truckee announced that in accordance with his previously announced policy, the deputy coroner's office in the Grass Valley area, west of the Town Talk summit shifted July 1, commencing the second half of the year to the Hooper-Weaver Mortuary in Grass Valley.

The Meyers Grass Valley Mortuary won't hire him because it's against state law.

The conference report said "there was complete agreement that if youngsters are to become responsible adults, they must have an opportunity to experience productive labor." And when the public through legislation denies them this opportunity, the laws become a mockery of good citizenship rather than an aid to those they are supposed to protect.

tuary with Ted Erikson as deputy coroner had held the deputy coronership since January 1, 1955.

The new deputy coroners for the Grass Valley area will be: Shirley Brattin, Walt Smith and Leonard Prisk, Jr.

J. Paul Bergemann will continue as deputy coroner for the Nevada City area.

as set forth in full on the rolls of Nevada County for the 1956-57 tax year as prepared by the said County Assessor.

JEAN ROWE KEENEY
Deputy County Clerk and Ex-officio Clerk of the Board of Supervisors of Nevada County

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Warm Weather

Although the weather is much warmer most everywhere else these days, it still seems plenty warm here to an old timer. Each morning we take a look at the back porch thermometer at ten o'clock and find it around 74 in the shade. (We hope this isn't going to turn into a tropical country before the 1960 Olympics have their chance!)

Big Crowd

The Fourth of July crowd on hand for the fireworks display was as big as ever this season, if not even bigger. It was tentatively estimated at between three and four thousand. Cars were parked bumper to bumper through town and for at least a quarter mile north and south along the highway, be-

sides filling all the space on the Commons and along all cross streets for a block or more. The display over the lake, managed by the local fire department, was more striking and beautiful than ever. The line of water skiers with their reflected lights presented a ghostly appearance as they moved toward the shore, and the huge fire-fall looked like Niagara by moonlight.

Pfeifer Fire

By some unfortunate mischance a fire was started on the evening of the Fourth, in the attic rooms of the Pfeifer House on the curve of the river road just below town. It had been burning slowly for some time when it was discovered and reported. And then it seemed the fire alarm failed to sound properly, causing some delay. But in spite of all disadvantages the alert firemen were on the job in almost nothing flat after the report. Harold Farr, who was on duty with the ambulance at the time, managed to get in touch with the ranger at the Tahoe Park Government Park, and

the parks equipment was quickly brought to the scene. The firemen reported that they fought the smoldering blaze for about an hour before it was fully quenched. The upper part of the Pfeifer House is said to have suffered several thousand dollars damages from the flames and heavy smoke.

Narrow Escape

It was also reported that Pete Vanni, assistant fire chief, came near serious disaster as he proved himself somewhat of a hero in the line of duty. He went into the dense smoke of the attic with a hose, it seems, and was not missed until the blaze had been smothered. One fireman reported that in pulling out the last hose, its end was found to be wrapped around Pete. It was thought he must have lost consciousness from the heavy smoke, at least temporarily, after wrapping the hose around his as a safety measure.

Food Sale

Mrs. Ann Dugdale, chairman of the Women's Club annual food sale

would like to repeat by way of this week's column, the announcement of the current food sale which is being put on at Kehoe's grocery store here on Friday. The sale will start at 10:30 a.m. and continue throughout the day, or until sold out. Everything will be freshly home-cooked. It is a good opportunity for everybody to have hot dishes, salads, pies and cakes for lunch or dinner without having to prepare them.

Permanent Home

Mr. and Mrs. Chris Burmer, with their family of four young sons, recently moved up from the lowland regions and are planning to make their permanent home here. They have bought a place at Pine-land, and already the health of the family in general seems to be improving. Mrs. Burmer is the granddaughter of Mr. and Mrs. Sam Goss, residents in this locality for many years. Their grand-daughter, Leatrice, spent several years here in her early youth. Mrs. Goss is just recently returned from a

hospital where she underwent an operation on her eye. This is the third eye operation she has suffered in as many years. Her Tahoe friends all wish her a speedy, and much improved recovery.

Attend Meet

Tahoe region directors of Placer County Chamber of Commerce who attended last week's meeting of the Placer County Board of Supervisors, were P. M. Burroughs and Ace Abbott of North Tahoe and C. W. Vernon of Tahoe City. The meeting was held at the Auburn Hotel in Auburn, and was attended by Chamber directors from various parts of the county, including Auburn and Roseville. The directors were especially on hand for the purpose of urging the supervisors to appropriate the proposed \$3500 for the Olympics exhibit in the Los Angeles County Fair which is to be held at Pomona, California between September 15 and October 2. At this meeting the supervisors voted to appropriate the \$3500 which money will be added to the Agri-

cultural Department of Placer County.

Negotiates

On Saturday, July 7th, C. W. Vernon, manager of the Tahoe City Public Utility District, drove to Fallon, Nevada where he attended the regular meeting of the directors of the Truckee-Carson Irrigation District. He attended the meeting there at this time in an effort to negotiate the leasing of some of that district's land near here for additional space for the PUD's disposal from the sewage treatment plant. The irrigation district has control of 64 acres of U. S. Reclamation property in the nearby vicinity of Tahoe City. Some of the lowest and most swampy of this land lies near the sewage plant and would be ideal for the disposal of excess effluent from the treatment plant. Vernon explained at the meeting, such as the unusual period in last December when there was excess of storm waters flooding the collection lines.

The board members discussed the possibility of leasing the land at this meeting, and promised to send a committee of their members to Tahoe City this week to inspect the proposed site with PUD directors, and report back to the district

Placer County's Worth Is Fixed At \$61,907,272

AUBURN—Placer County's assessed valuation is set at a record breaking total of \$61,907,272 in the report filed with the board of supervisors, sitting as a board of equalization.

Assessor Lloyd Geraldson reported this is an increase of \$1,692,353 over the 1955-1956 rolls. Value of secured property is set at \$57,912,140.

Only \$20,024,840 of the secured rolls are from within the five incorporated cities, allocated as follows:

Roseville, \$9,480,125; Auburn, \$6,135,485; Lincoln, \$3,197,885; Rocklin, \$612,105; Colfax, \$599,240. Value of public utility ownings in the county, estimated in excess of \$30,000,000, will be filed late this month by the state board of equalization.

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the state Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on July 25, 1956, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on state highway in accordance with the specifications therefore, to which special reference is made, as follows:

El Dorado, Placer, Nevada and Sierra Counties, at various locations (III-E.D., Pla. Nev. Sie-11, 15, 17, 37, 38, 83-Var, about 55.3 miles in net length, seal coat to be applied to existing surfacing.

Bids are required for the entire work described herein. In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done as follows:

| Rate Per Hour | Classification |
|---------------|---|
| \$2.595 | Apprentice (oilier, fireman, watchman) |
| 2.48 | Bootman |
| 2.325 | Flagman |
| 3.095 | Heavy duty repairman |
| 2.595 | Heavy duty repairman— helper |
| 2.325 | Laborer |
| 3.255 | Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard) |
| 3.425 | Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard) |
| 2.325 | Road oiler |
| 3.095 | Roller operator |
| 3.095 | Tractor operator |
| 2.325 | Truck driver (less than 4 cubic yards water level) |
| 2.465 | Truck driver (4 cubic yards and less than 6 cubic yards water level) |
| 2.625 | Truck driver (6 cubic yards and less than 8 cubic yards water level) |
| 2.85 | Truck driver (8 cubic yards and less than 12 cubic yards water level) |
| 2.85 | Truck driver (12 cubic yards or more water level) |

Any classification omitted herein not less than \$2.325 per hour. Overtime— not less than one and one-half (1½) times the above rates.

Sundays and holidays— not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the state highway engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also pre-qualified as required by law. (See said proposal Requirements and Conditions).

The Department of Public Works reserves the right to reject any or all bids.

CARD OF THANKS

We take this means of thanking the Tahoe City Volunteer Fire Department, the U. S. Forest Service and all others who volunteered to put out the fire at Pfeifer House on Highway 89 on July 4th. We are most grateful for the whole-hearted help in saving the building and contents.

HERMAN and LOUISE SCHAEFER

Ruling Expected Next
Week On Discussion
Over School Election

NEVADA CITY—Following the entering of a demurrer by District Attorney Vernon Stoll on the writ of review concerning the recent election of the county board of education Superior Judge James Snell took the matter under consideration for study applicable points of law and proceedings. Attorney Albert Johnson representing Rober Wallace, Jr., expects a ruling sometime next week.

Petitioner Robert Wallace, Jr., who filed the writ states in the document that the code provides for election "at large" and that the ballot designated certain members for certain special trustee areas in violation of the code.

The section referred to states "there shall be a county board of education, which shall consist of five or seven members to be elected at large with at least one residing in each of designated areas to be determined by the county committee on school district organization."

The county committee on school district organization abiding by the law determined (1) there shall be seven members; (2) terms shall be three years; (3) set up the following alternating terms to be determined by the members by lot; two one-year terms, two two-year terms; (4) the committee suggested to the board of supervisors that the following trustee areas be adopted as a good representation by population.

Supervisory district No. 1 with about 26 percent of population—two members; Supervisory District 6, 2 with about 56 per cent of population—three members; Supervisory District 3 was combined with Supervisory District 5 for a total of about nine percent population—one member. The districts were also joined because the Truckee area No. 5, is served by the Truckee Tahoe Unified school district and has little interest in the local board. Supervisory District 4 with about nine percent population—one member.

State Owns Sunken Ships
Off California Coast

SACRAMENTO—(CNS)—Unclaimed hulks of sunken ships which lie within the three mile limit off the California coast belong to the state Attorney General Edmund G. Brown ruled.

The attorney general's opinion was prepared as a result of a skin diver's finding of a gold and sapphire ring on what is believed to be the wreck of a Spanish galleon off Solano Beach, San Diego county.

Pert Vivianne Lloyd will make her first Music Circus appearance as Molly in the George Gershwin musical, *Girl Crazy*, opening July 23rd in the colorful tent theater at 15th and H Streets in Sacramento. She will also please audiences in the next two productions, *Plain and Fancy* and *Panama Hattie*. Vivacious Vivianne is a top flight performer in night clubs, television (where she had her own show) and movies.

ARIZONA BOAT WINS MILE HIGH CUP RACE
AS THOUSANDS WATCH BIG TAHOE EVENT

CHAMBERS LODGE—Shanty I, piloted by Lieutenant Colonel Russ Schlee of Phoenix, Arizona, surprised everyone Sunday by plugging to a win over speedier boats in the fourth annual Mile High regatta sponsored by the Lake Tahoe Sierra Chamber of Commerce at Chambers Lodge to cop the Mapes Gold Cup.

A last minute arrival at the scene of the fourth Tahoe speed boat classic, the Shanty I did not even achieve the 80 mile an hour mark in a qualifying heat and its best average in the three unlimited class heats Saturday was a comparatively slow 77.552.

But the Shanty never quit going and earned the eventual victory on a best total points basis.

Scooter Too Disabled
Edgar Kaiser's sleek and swift Scooter Too, topping 100 mph in

each run for a best average speed of 89.419 mph, easily won the first two heats and looked to be a cinch to capture the \$6,000 perpetual cup.

But the Scooter Too wound up under tow when its propeller threw a blade in a final heat. The sharp metal punctured the hull and skipper Jack Relvas of Livermore got his feet wet as the boat started to fill quickly with cold Lake Tahoe water.

Second place went to another Kaiser entry, the Hawaii Kai III, driven by Howard Gidlovenko of Los Angeles, which ran a consistent second in all three heats to rack up a total of 900 points.

Breathless Out Early
Last year's Tahoe Gold Cup winner, the Breathless, went out early with cooling system troubles which could not be repaired.

The Breathless is owned by J.

Philip Murphy of Piedmont and was driven by his son, Roger, a 19 year old St. Marys College student. Roger salvaged some consolation by driving the 225 cubic inch hydro, Galloping Gael, Jr., to third place in one of the limited class races. Approximately 20,000 viewed the races from vantage points along the shore.

How They Finished
Results in the limited class events:

Special Women's Race—1, Skip-py, driven by Betty Galante, Visalia, 2, My Sin, driven by Joan De-lozier, San Diego.

Class E Racing Runabouts—1, Bouncy Barby III, driven by Ed Brown, Sacramento; 2, Honey-B-Too, driven by Ed Flatchall, La Mirada; 3, E-Bomb, driven by Joe Evich, Oroville.

Class B Racing Runabouts—1, L'il Bee, Ernie Rose, Patterson; 2, Slide Rule, Woody Eldredge, Merced; 3, Queen Bee, Dick Overpack, San

Leandro. Crackerbox—1, Crazy, Howard Smith, Long Beach; 2, Wild Oats, Earl John, Bakersfield; 3, Later, Dick Jensen, Oakland.

136 Cubic Inch Hydroplanes—1, Jerky, Bob Boehm, Healdsburg; 2, White Heat, Stanley Jouanne, San Francisco; 3, Scrappy, Eddie Silva, Hayward.

135 Inch Hydroplanes—1, Skip-py, John Corea, Dos Palos; 2, Cloud 7, Walk Kalben, El Cajon; 3, eum-mon Baby, Jack Salmon, Pico.

48 Inch Hydroplanes—1, Fat Pantes III, Vernon Dallman, Daly City; 2, Little Jim, Jim Hubbard, Long Beach; 3, Mighty Mouse, Victor Parsley, Los Banos.

225 Inch Hydroplanes—1, Flying Sauter, Richard Hallett, Downey; 2, Yo-Yo, Kenneth Sprow, Huntington Park; 3, Galloping Gael, Jr., Roger Murphy.

After picking, clothes are spread on mats to dry for six to eight days.

SMOKEY PRESENTS—a short, short story on how
FOREST FIRES WEAKEN AMERICA!HOW YOU CAN HELP RAISE
THE COST OF LIVING!

ONE careless slip of the finger will do it. Next time you drive through a wooded area, just toss a match or cigarette out the car window. Behind you the sky will turn an ugly yellow and black and another terrifying forest fire will be on its way.

What's this to do with the cost of living? Just this: Last year over 190,000 forest fires ravaged America! They blackened an area almost the size of Pennsylvania! The wood lost was enough to build homes for half a million people.

Think what that kind of destruction—year after year—must do to our supply of lumber!

Think, too, how it must jeopardize America's defense effort which requires millions and millions of feet of top-quality lumber each month.

Forest fires must be stopped. And you can stop them... for you and people like you start 9 out of 10! Always be sure that every flame, every spark is dead out! Spare no effort. Be extra careful. Help keep America strong!

Remember—only you can
PREVENT FOREST FIRES!

Like other American business firms, we believe that business has a responsibility to contribute to the public welfare. This advertisement is therefore sponsored in cooperation with The Advertising Council and U. S. and State Forest Services by:

STRICTLY STRICKLAND

By Bill Strickland

Saw Kee Peroni at Donner Summit Lodge the other day. Lee was one of the winter regulars up here for a long time. He says the Donner Summit Alumni Association now has a chapter in Sausalito, what with himself, John Fountain, Pru Crosby, Don Porter and Pete Lawler all calling that area home now. While at D.S.L. we were also entertained by Fran Couillards' description of George Gobel, during his opening night performance. Have an idea Frans impromptu rendition might have been almost as good as Gobel's.

Neva and Charlie Osberg have been up every weekend at their cabin on Ice Lakes. Last year they made the trip every weekend to get

away from the heat in Marysville. This year, it's the same thing, except they are ducking the heat of Lodi.

Nina and "Gloom" Mills stopped by the other day. They will return next week and spend the summer at their home at the Palisades. Gloom has just retired as the commanding officer of the Miramar Navy Air Field, the navy's largest. For jets—what are for jets? Do you know? He and Nina have been pretty busy this past month—retirement ceremonies, one daughter getting married, another graduating from the University of Wisconsin, and now Gloom has to go out and find another job.

Bill and Kay Brownell have opened their house, at the Cedars, for the summer. They've been up every summer for just about as long as we can remember. Saw George Foulks on his way out to the Cedars the other day, too. You don't hear too much about it, but it is one of the prettiest and most popular spots in the Sierras.

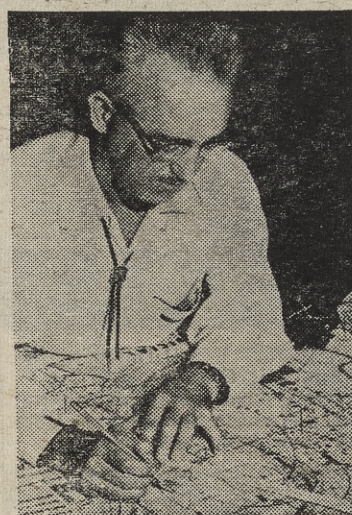

Harry Pratt is starting reconstruction on his garage. Figures on having it finished by the middle of October. It will be heated, and with about a 40 car capacity, as well as all of the other Garage Services.

Ernie Tschopp is well along with his rebuilding job. His gas pumps are reinstalled and operating. The rest of the construction will probably be completed in a month or six weeks. He and his family have moved into one of the houses across the road from Kiski Lodge.

This weekend Donner Summit Lodge will be taken by members of the Latter Day Saints. This will be the ninth year they have held their annual welfare meeting here. About two hundred and fifty members from California, Nevada and Utah will be attending.

This coming weekend will see the influx of a lot of people with station wagons with cages in the rear end. The cages full of some of the most remarkable animals you'll see for a long time. The animals are some of the finest dogs in the west. They will participate in the retriever trials, to be held at the

On the Alert, 1956

DAMAGE RINGS for Philadelphia-Camden "blast" are plotted during last year's Operation Alert, just as they will be this year, in concentric rings from the point the bomb hits. In addition to simulated bomb "casualties" in the 1956 Alert, the Civil Defense directors will seek to minimize fallout "casualties" by swift shelter commands on the basis of predicted and monitored fallout patterns. (Battle Creek Enquirer and News Photo)

Nationwide Test To Be July 20-26

For seven days in July, Operation Alert 1956 will confront civil defense planning with the type of problems that would arise out of a mass nuclear attack on the U. S.

THE THIRD ANNUAL training exercise, scheduled for July 20-26, will enact on a nationwide stage some of the civil defense measures which would be taken if this nation were suddenly attacked by bombers and submarines capable of wiping out millions of persons and dozens of cities in a day.

Plans call for 76 cities, air bases and Atomic Energy Commission installations to be hit by 125 mythical nuclear bombs. These would include 39 hydrogen bombs rated as high as 5 million tons of TNT equivalent each. More than 30 Federal agencies will cooperate by evacuating key employees and operating from emergency sites. Coordinated by the Federal Civil Defense Administration, State and local CD organizations will carry out training exercises as if the attack were real.

JUNIOR SPACEMAN and Davy Crockett were among the two-thirds of the population of Bangor, Maine, which took part in a test evacuation during Operation Alert 1955. The test was typical of the ways local communities are expected by the Federal Civil Defense Administration to be in their local civil defense training with Operation Alert 1956. (Courtesy Young's Photo Service, Brewer, Me.)

AFFAIRS OF STATE

Henry C. MacArthur

Sugar Bowl and in the Lake Van Norden meadow. We saw the trials two years ago. They were really superb examples of training and obedience.

If this column seems a little garbled to you, blame it on my sons parakeet. He's been sitting on my shoulder and looking over it while I've been writing, and all the time talking a "blue streak". You'd be surprised how much news you can get sometimes from the birds, and that isn't necessarily "for the birds, either."

Consolidated Parks
Sequoia National Park, containing 386,560 acres, created in 1890 and Kings Canyon National Park, 454,600 acres, created in 1940, now have a single administrative unit.

BE CAREFUL WITH FIRE!

establishment of a zoning ordinance.

Munro's contention is that the zoning ordinance, insofar as it applies to liquor, in view of the express provisions of the state constitution has no more force and effect than a straight local option ordinance would have if a community suddenly decided to vote liquor out of its confines.

So it will be interesting to watch the case, to determine whether the round-about method can attain any legal support.

The case, of course, does not mean that the department will fail to consider protests from cities and counties insofar as officialdom is concerned, on grounds other than probability ordinances. It has been the custom for many years to seek information as to the desirability of liquor establishments in certain positions of communities, to determine from these officials whether such establishment would be in conflict with public morals.

Civic Auditorium
The San Francisco Civic Auditorium, constructed by the Panama Pacific International Exposition in 1915, cost \$1 1/4 millions.

Keep California Forests Green

LAKE LEVEL

TAHOE CITY—With one gate open Monday, the level of Lake Tahoe was reported by Art Frodenberg, cooperative observer, to be 6228.97 feet. Temperatures during the week ranged from a pleasant 35 to 78 degrees at Tahoe City.

High Point

The highest point in Arizona is Humphreys Peak, 12,611 feet.

Lake Tahoe Man Dies After Lengthy Illness

RENO—Francis Wolfe, 43, died Monday at a Reno hospital. He had been ill for some time.

Wolfe was a bookkeeper for a Zephyr Cove and Marla Bay, Lake Tahoe, plumbing concern. He had lived in the Lake Tahoe and Carson City area for a long period of time.

Today's only 4-wheel drive truck...

designed and engineered completely for 4-wheel drive off-the-road use!

Your purchase of a 4-wheel drive truck involves an important investment. That's why you should get all the facts before you buy.

When you get the facts, only one 4-wheel drive truck stands out—the rugged 'Jeep' Truck. And it's no wonder why! It's the only 4-wheel drive truck in its weight class originally designed and engineered completely for 4-wheel drive, off-the-road use—the only one time-tested and performance-proved in millions of miles of transport service. Yet, it shifts easily into conventional 2-wheel drive for highway travel at top legal speeds. It's not a conversion unit, not a modified 2-wheel drive truck! It's tested, proven, certified and unique in its weight class. No other 4-wheel drive truck even touches its performance-proved all-around utility.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Great Great Birthday

It's been a great and happy life says Mrs. Margaret Gauner, mother of H. E. Pappy Brooks, who celebrated her 88th birthday last Monday. It was a great gathering and a happy day for all and especially grandma. Yes and she is not only grandma, but a great grandma and a great great grandma, isn't that something? She has another son, George, and she has seven grandchildren, nine great grandchildren, and one great great grandchild. She formerly lived at Paradise but has lived here for several years now. We wish her many more happy years, bless her heart.

Buyers and Sellers

Mr. and Mrs. Jerry Gordon of the North Shore Hardware, Kings Beach, inform me that they have sold their big department store here to Mr. and Mrs. J. E. Morrish of Rodeo. We are going to miss Jerry and his good wife as they have both been excellent community minded citizens, but by what I hear the new owners who have already taken possession are going to be an asset to Kings Beach, and every one of us wish them the best of luck.

And Another

And now Ivan and Mrs. Parr, who have been here for the past nine or ten years, have sold their

beautiful Brockway Chalet cottages on Fox Street in Kings Beach, and the lucky buyers are Dr. and Mrs. Clifford A. Wheeler who hail from Mountain View, California. The doctor and his good wife just simply fell in love with Lake Tahoe from the first time they set eyes on it. Ivan tells me that they are contemplating taking a trip east for a while, but will return and intend to build a nice home in the area. Congratulations Mr. and Mrs. Barr.

Another Sale

Carl Brooks of Kings Beach also informs me that Don Painter, who lives at Lake Forest, has bought the cement and mixer business from Carl, but Carl will still remain in the soil and caterpillar work. Good for both of them.

Lucky People

The past couple of weeks have been quite remunerative for certain of the customers of Joby's Monte Carlo. On Saturday a gentleman won \$5000 and the week before \$500 was won by a lucky customer, and yesterday Saturday, July 7th Jules Goldstein of Los Angeles was awarded a brand new Bel-Air Chevrolet. Joby intends to keep on giving cars away during the summer.

New Homes

Charles E. Gansert is building a very nice home on Brassie Avenue and driving around I see there are three others being built on the beautiful circle. This has been one of the fastest growing sections in

VARIETY OF JOBS OPENED IN STATE

The state personnel board has announced several examinations for the month of July for a wide range of civil service positions throughout California.

Engineers are in demand for the following classes: safety engineer (boilers), paying \$505-\$613 a month; junior electrical engineer, \$436-\$481; junior engineer aid and engineering aid II, paying \$325-\$395 and \$358-\$436 respectively.

Other examinations to be held in July are for employment security trainee, \$341-\$395; deputy real estate commissioner I, \$458-\$556; field representative I, division of local allocation, \$491-\$554; medical social work consultant, \$481-\$584; and criminologist, bureau of criminal identification and investigation, \$584-\$710.

Final application date for the examinations is July 27. Application forms and further information are available at the State Personnel Board in Sacramento, San Francisco and Los Angeles, or at any department office.

Tomato Products

Paste and sauce together have accounted for nearly half the total tonnage of California's processed tomatoes in recent years.

Kings Beach

Not Beautiful

No matter how good our citizens try to make the highway through Kings Beach beautiful, and a credit to us, someone will come and stick a fruit or vegetable stand or some other contraption up, and they stand out like sore thumbs. Of course someone has to rent the ground to them so it is not all the vendors fault.

Boat Camp

Quite a time Davey Ashton and Kenny Lavery had at bootcamp in San Diego. They had the time of their lives, especially with their chow, mustard on their potatoes and tomato sauce on their ice cream. Kenny was lucky that he took the trip by plane, as young Davey had the experience of being smashed into in the rear of his car just north of Victorville and had total wreck as far as his car was concerned. The other party had considerable damage to his car but as luck would have it, not one of the three boys in the car were hurt, only their feelings. They were all in the front seat, but when the car stopped all three were in the rear seat, but lucky to be intact.

People

Well, with the great boat race show and the countless number of visitors, Lake Tahoe, had from one end to the other, the biggest crowd on record.

Was up on the hill in Crystal Bay and every casino was packed to the limit. Parking was at a premium. One thing that helps out, however, is the trolley car that is run by the Tahoe Biltmore. Runs people to all casinos and during the day it runs from Tahoe Vista to Crystal Bay and picks anybody up that needs a ride. Pretty cute.

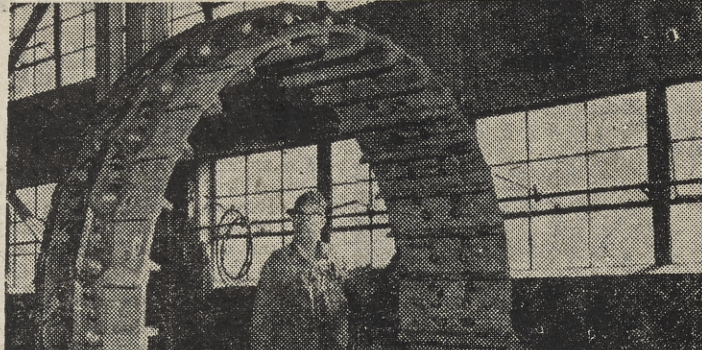

Here Again

Mrs. Blake and her son, Lloyd, have returned to the lake for the summer from Richmond and are living in the guest house, while Mr. Heady, the San Francisco Examiner distributor and family are living in the main house until after Labor Day. Sure nice to get an early morning paper at the door.

Delinquency

Juvenile delinquency is one of the worst evils of our country and yet so many parents or friends of the defendant condone in the wrong that has been committed. They either say, if it's a traffic violation, why my boy is a good driver, or his car couldn't go that fast. The evil will never be conquered with that kind of cooperation. It's no wonder the parents are blamed for the delinquency of their offspring, in ninety-nine times out of a hundred that theory is correct. Let's do our duty to society, shall we?

SPECIAL DEER HUNTS SCHEDULED IN FALL.

Eight special antlerless or either-sex deer hunts, for which 4,575 permits will be available, have been approved by the fish and game commission for this fall and early winter.

Applications for the hunts must be made on the form provided as part of the deer tag. Applicants must possess a valid hunting license and be 12 years of age or older.

A departure this year is that holders of alien's licenses may apply for hunts for the first time.

Permits for the hunts will be issued by lottery held in the Sacramento headquarters of the department of fish and game. A fee of \$5 is charged for each permit. License holders may apply for only one special hunt per year.

Dates of the hunts, number of permits to be issued, and deadlines for application follow:

Fresno County either-sex, Oct. 26-28, 1,000 permits, Sept. 24 deadline.

Barton's Flat either-sex, Nov. 15-20 and Nov. 22-27, 400 permits, Sept. 24 deadline.

Glennville either-sex, Nov. 1-6, 300 permits, Sept. 24 deadline.

Carson River antlerless, Nov. 3-4, and Nov. 10-11, 500 permits, Sept. 24 deadline.

West Walker antlerless, Nov. 2-5, 800 permits, Sept. 24 deadline.

Owens Valley special hunt, Nov. 2-5, 900 permits, Sept. 24 deadline.

Camp Pendleton special hunt, Sept. 29-Dec. 23 (weekends only and Marine Corps personnel only) 175 permits.

San Diego County antlerless, Sept. 22-Oct. 28, 500 permits, August

BROOKS PRESIDES AT FIRST MEET OF BROCKWAY CLUB

KINGS BEACH—H. E. "Pappy" Brooks the new president of the Rotary Club of Brockway presided day night, July 9 at the Crystal Bay over his first meeting held on Monday. Visiting members from the clubs of Tahoe City, Oakland, Auburn, Roseville, Catalina, Tucson, Santa Barbara and Las Vegas responded to the call for introductions.

Later the meeting was turned over to the new program chairman, Paul Mullis who introduced the speaker of the evening, Don Green of the day and night division of the Carrier Corporation who gave few interesting remarks and then showed a film the "Inside Story" which depicted the construction of the glass lined water heater. Also the care and thoroughness of the day and night heater.

There were 44 Rotarians and guests present to partake of the steak dinner served by the Crystal Bay Club management.

Three Members Named For State Water Board

SACRAMENTO —(CNS)— Gov. Goodwin J. Knight announced appointment of the three members of the new state water rights board created by the 1956 legislature as part of the reorganization of California's water administration.

Named for the \$15,000 a year positions were:

Henry Holsinger, Sacramento, who served as principal attorney for the state division of water resources; W. P. Rowe, San Bernardino, a member of the state water resources board; and John B. Evans, Oakland, district tax administrator for the state board of equalization.

To fulfill requirements of the new water administration law, Holsinger will be the attorney member of the board and Rowe the civil engineer representative.

Holsinger's term will expire Jan. 15, 1959. Evan's term will run to Jan. 15, 1958, and Rowe's to Jan. 15 of next year. All of the appointments are subject to confirmation by the state senate.

CHILD CARE CENTERS GRANTED STATE AID

SACRAMENTO —(CNS)— Roy E. Simpson, director of the state department of education, announced apportionment of \$2,232,700 for support of child care centers throughout the state for the first half of the 1956-57 fiscal year.

The current state budget allocates \$4,604,048 for support of the centers of 47 districts in 20 counties during the fiscal year.

Farm Income California's cash farm income is about 12 per cent of the national total.

36 New Laws Effective As New Water Group Authorized At Session

SACRAMENTO —(CNS)— A total of 36 bills passed by the 1956 special session of the legislature, including one creating a new state department of water resources and another effecting a multi-million dollar oil royalty settlement between the state and the city of Long Beach, became law Thursday.

The water department law establishes a new agency under a single director appointed by and responsible to the governor for California water policy and administration, and which will take over

functions previously performed by a number of boards and agencies. The Long Beach oil settlement prescribes a formula for an even division of revenues between the city and the state of royalties from the city's oil-rich tidelands, based on court ruling in the Mallon case. An immediate cash settlement on impounded oil revenues, which will yield the state about \$120 million, will not actually be transacted until the courts decide on a \$6 million fee being claimed by Theodore R. Gabrielson, Los Angeles, an attorney in the Mallon case.

Among other laws which became effective were measures:

1. Increasing the amounts veterans may borrow from the state

Claw Machines In Bars Outlawed By Director

SACRAMENTO —(CNS)— Russell S. Munro, director of the state department of alcoholic beverage control, has ordered that outlawed claw machines be removed from California liquor establishments within ten days.

Munro said the order was issued to comply with Attorney General Edmund G. Brown's ruling that claw machines are slot machines and therefore are illegal.

The director notified agents of the department throughout the state that if such machines are not removed from premises where liquor is sold, they should file complaints against liquor licensees.

for purchase of homes and farms. 2. Changing the state office of civil defense to the California disaster office. 3. Directing studies and public hearings by the state to determine water inventories, needs, and surpluses in counties of origin.

4. Revising the formula allocating tidelands oil revenues for purchase and development of state beaches and parks, limiting such earmarked funds to \$7 million annually.

BE CAREFUL WITH FIRE!

LOCAL ORDINANCES UNCONSTITUTIONAL

SACRAMENTO —(CNS)— Russell S. Munro, state director of alcoholic beverage control, has declared local ordinances regulating sale of liquor are unconstitutional. He said the state has exclusive power to regulate use of alcoholic beverages in California.

In so ruling, Munro invited a test case in the courts to determine whether cities or counties may legally exercise local option concerning liquor.

To bring the matter to a test, Munro overruled protests by the city of South Pasadena against transfer of a bar license on grounds that such action would violate a city zoning ordinance prohibiting bars but allowing package stores.

"We are meeting the issue head-on by ruling that the ordinance is invalid," declared Munro, adding: "There is no such thing as local option in California. The department has exclusive power to license."

The department of alcoholic beverage control approved transfer of the license in question, held by Marion E. Jackson, at 1453 Huntington Drive. The transfer will permit Jackson whose license was in existence before the city ordinance

Water Project Group Holds Final Meeting

SACRAMENTO —(CNS)— The California water project authority met today (Tues.) for the last time and recommended the new state department of water resources complete studies of proposed fresh water barriers in San Francisco bay as soon as possible.

The authority, which will go out of existence when the law creating the water department goes into effect July 5, further recommended that the barrier or barriers, if found to be feasible, be considered for integration with the California water plan.

Under direction of the legislature, the authority began the bay barrier studies in 1953. A final report on the investigations is to be made to the legislature not later than March 30, 1957.

The authority was created by the legislature in 1933 to administer the Central Valley Project. Its first activities were devoted primarily to the problem of financing the huge project. But when the federal government undertook construction and operation of the project, the authority became the state's agent in matters pertaining to the far flung water system.

In 1952, the legislature directed the authority to study the feasibility of state purchase of the multi-million dollar CVP. Upon completion of the study, however, the legislature allowed the proposal to die.

The authority was authorized by the legislature in 1951 to construct the Feather River Project. Studies of the huge project have been conducted since that time, and first appropriations toward actual construction of the Oroville Dam were appropriated by the 1956 legislature.

The authority consisted of the state's director of public works, controller, treasurer, attorney general, and director of finance.

was passed, to move his business across the street.

Munro also announced appointment of five area supervisors within the department's administrative organization for southern California. They were:

Paul Thompson, Pasadena and metropolitan Los Angeles; Harry S. Knust, Riverside and San Bernardino counties; Harry Moore, Long Beach and Santa Barbara; Viggo Hansen, Van Nuys and Inglewood districts; and Arthur E. Brown, San Diego and El Centro districts.

75 Years Ago

The Grass Valley Union quotes the Truckee Republican of June 26, 1881 with the following: "A couple of country girls walked into a shooting gallery here and astonished all by hitting the bullseye every time." On the same date several grizzly bears were observed near Truckee, the Union says.

Freeways Born Out Of Public Need, Officials Of Auto Club Point Out

Freeways and limited access highways are born out of the needs and necessities of a nation that has 63,000,000 motor vehicles and each year has millions more, according to the California State Automobile Association.

The AAA motorists' organization points out that freeways are not ingenious constructions devised by government agencies to "move the cities to make room for the automobiles."

Every person who owns or drives an automobile, and that includes the vast majority of adults, is contributing to today's traffic problem whether he or she is consciously aware of the fact. The problem is—how to make it possible for ever-increasing numbers of vehicles to move from one place to another without undue delays, serious congestion, traffic stagnation and accident dangers, says the CSAA.

"There were people who opposed the advent of the automobile and the repercussions it created in all aspects of life. Perhaps the horse-and-buggy age had its advantages, but that day has gone by the buckboards. We must face up to the reality that California has nearly 7,000,000 motor vehicles today and the number is increasing by almost 50,000 a month. Statistics show that the rate of increase in registration this year is 27 percent greater than it was a year ago," the CSAA stated, adding:

"California is rapidly becoming an industrial empire and every city in that state is being affected by increases in population and traffic volume. This trend can no more be halted than trying to hold back the tides of the sea, so now is the time to plan and construct intelligently to meet this challenge not only for today but for the future as well. The greatest problem facing us is not how to cope with 7,000,000 motor vehicles that 13,000,000 Californians are presently using on our streets and highways, but how to cope with 12,000,000 vehicles some 20,000,000 people will be using on streets and highways by 1970, just a few short years hence."

Today, more than at any time in history, men of vision are needed who are willing to take the lead in developing a master plan for all public facilities and urban developments to meet our future needs. And this includes the development of an adequate highway system. We need to plan wisely and well for tomorrow if we are to make the

Worst Traffic Year In State's History Seen As June Toll Counted

SACRAMENTO —(CNS)—The number of traffic deaths in California during June continued to hurry the state on to its worst year in highway fatalities, the state highway patrol reported.

The toll for June was 313 lives, a record for that month. The previous high was 293 deaths, established in June, 1953.

Indicating a bad year on the state's highways, traffic deaths for the first six months of 1956 totaled 1,699, highest for the six-month period since 1946, California's worst year. The January-June figure surpassed that of last year by 214, or 14.4 percent.

Ross R. McDonald, deputy patrol commissioner, said the present trend definitely indicates a record highway death toll this year. Last year, 1,946 persons were killed by automobiles during the period from July through December.

Some of the increase can be charged to an increase in traffic, Ross said. But most of the blame, he continued, must be placed on drivers "who fail to conform to good driving rules outlined in the vehicle code and failure to exercise real courtesy in traffic."

most of the great opportunities which will come our way, says the CSAA.

PATRONIZE LOCAL STORES

NOTICE TO CONTRACTORS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, hereinafter referred to as the "Owner," will receive up to, but not later than 5:00 P. M., on the 16th day of July, 1956, sealed bids for the award of a contract or contracts for removing trees, clearing and grading Kings Beach School grounds, the site being located at Kings Beach, California. Such bids shall be received at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, and shall be opened and publicly read aloud at the above stated time.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, part 7, Division II, of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

| CLASSIFICATION | HOURLY WAGE RATE | LEGAL HOLIDAYS AND OVERTIME |
|---|------------------|-----------------------------|
| Laborer | \$2.42½ | * |
| Power Grader, Power Planer, Motor Patrol or any type Power Blade | 3.25% | * |
| LeTourneau Pulls (Jeeps, Terra Cobras, LePlante Choate, and similar types of equipment) | 3.25% | * |
| Tractor Operators | 3.09% | * |
| * OVERTIME — Regular - Time and one-half | | |
| Sundays and Holidays - double time | | |

Each bid must conform to the requirements of the plans and all other documents comprising the contract documents. The contract documents may be examined and copies obtained at the Office of the Owner, Tahoe-Truckee High School, Truckee, California.

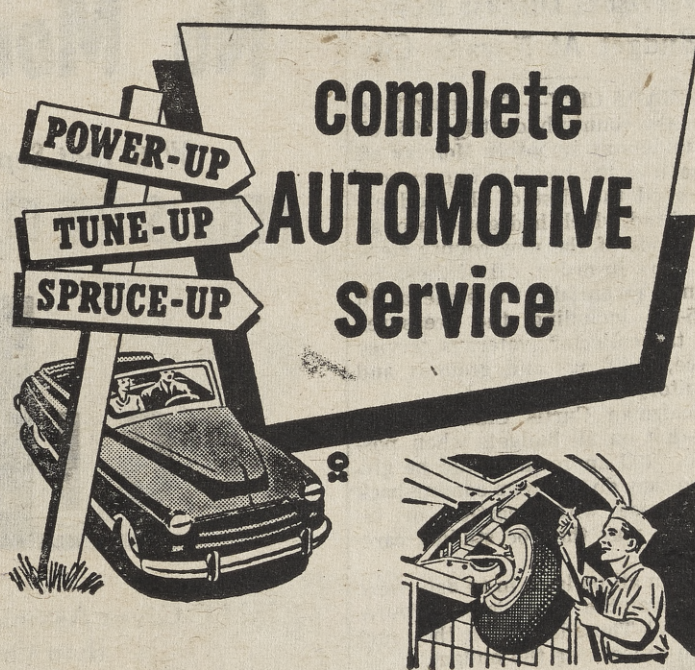

No bid will be considered unless it is made up on a form provided by the Owner and accompanied by the certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the contract if it is awarded to him in conformity with the contract documents and shall provide the surety bond or bonds required within five (5) days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty (50%) percent of the contract price, and a faithful performance bond in an amount equal to one hundred (100%) percent of the contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 27th day of June, 1956.

R. E. SMART, President of the Governing Board of the
TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT. (tjy12)

Army Engineers Will Spend Huge Sums In State Water Aid

WASHINGTON—The Army Engineers will spend more than \$40,000,000 for flood protection and navigation improvements in California during the fiscal year that started July 1, U.S. Senator Thomas H. Kuchel announced this week.

The total, due in a considerable degree to revisions of the President's Budget following last winter's devastating storms and appeals to House and Senate Appropriations Committees, is more than \$7,000,000 greater than originally was planned when the spending program for Fiscal Year 1957 was laid before Congress at the outset of the present session last January, Kuchel declared.

Of the total scheduled outlays, \$32,516,000 is to be spent for planning or construction or both on twenty different flood prevention projects scattered from one end of the state to the other, the senator emphasized. The amount represents a jump of \$15,158,000 above the aggregate figure included in the President's initial budget, which contemplated work on only thirteen projects, he added.

Many of the boosts and additional requests were the result of Kuchel's requests to the Army Engineers and the Budget Bureau due to the widespread damage in Northern and Central California by the heavy rains and runoff at Christmas and early in January.

NEW WATER BOARD HOLDS FIRST MEET; SET POLICY LATER

SACRAMENTO —(CNS)— The new state water rights board met for the first time Monday and plunged into details of organizing a staff to process applications for water diversion permits.

Assisted by representatives of the attorney general's office, members of the board, headed by Henry Holsinger, former principal attorney for the old state division of water resources, approved transfer of civil service employees from the water rights section of the old division.

Under the law setting up the new water organization, the board may hire one administrator who would be exempt from civil service, presumably the board's executive secretary. The board decided to leave the position unfilled pending organization and working trial of a civil service staff.

Holsinger is the attorney member of the board. Other members of the board are W. P. Rowe, San Bernardino, engineering member, and John B. Evans, Oakland, lay member.

The board announced that policy questions will not be taken up until staff organization is completed.

Holsinger said proposed personnel transfers to the board have the approval of Harvey O. Banks, director of the new state department of water resources. The board and the new department will operate independently.

Board members said applications for water permits will be processed by staff employees, but emphasized that action denying or approving such requests will be taken by the full board.

State Building Delayed As Carpenters Strike In San Francisco Area
SACRAMENTO —(CNS)— Officials of the state department of architecture said some \$20,000,000 worth of state building construction in the San Francisco bay area is being slowed down because of the carpenter's strike.

Among the projects, the division said, are the school for the deaf in Berkeley, the motor vehicle building in Oakland, and three major structures on the campus of the San Francisco State College.

While work is being impeded, the situation has not as yet reached the point of an actual shut-down, according to Hubert S. Hunter, deputy chief of the division.

Milton Harris, construction engineer for the state division of highways, said it is conceivable that work may be slowed down on some bay area free-way projects, in Marin county, Richmond, and Oakland, if the projects reach a point where carpentry work is needed before other work can progress.

No freeway projects, have been shut-down because of the strike, he said, but all of them have major structures which necessitate carpentry work. Two large freeway projects are under way in the Marin county, another in Richmond, and a fourth in the east bay district.

Supervisors Discuss New Budget At Nevada City

NEVADA CITY—The struggle to form the county budget for 1956-57 got underway smoothly Monday afternoon as the board of supervisors approved the first of the budgets submitted which had gone through the hands of the new county clerk and were in order. All of these remained essentially the same as in 1955-56, including the treasurer and tax collector, veterans service office, buildings and grounds and predatory animal control.

Chairman Curtis Clark pointed out that on all budgets when possible, final approval should be given so they do not keep coming back and those with question or increases may then be studied carefully.

When all budgets in to date were gone over the supervisors adjourned until Thursday when they met again to work on the budget.

Other matters taken up in the afternoon session were approval of a letter to the federal courts asking settlement of a three-year old suit for damages to the Truckee bridge by a U.S. Forest Service vehicle and acceptance of a bid for a GMC truck for the road department.

FOR SALE— Electric washing machine with pump and timer. Excellent condition. Call Truckee 1594.

Two Assemblymen Are Sworn In For Short Term

SACRAMENTO —(CNS)— Two assemblymen, one a Republican and the other a Democrat, were sworn into office to serve the balance of assembly terms which will expire in January.

Louis Francis, San Mateo republican, took the oath of office as the representative for the 25th district, San Mateo county.

Richard T. Hanna, democrat from Westminster, was sworn in to represent the 75th assembly district, Orange county. Both were elected in special elections held with the June primaries.

Nearly 100 common carrier truck lines operate out of San Francisco.

Water Skier Hurt
Miss Pat Riley of Squaw Valley was treated at the Tahoe Forest Hospital Saturday for head injuries suffered in a water skiing accident. She has returned to her home.

FATHER EXPIRES
Pete Cassettari, father of William Cassettari, deputy district attorney and well known here, died Monday in the Community Hospital at Grass Valley following an attack on Sunday.

Couple Was Ill—
Mr. and Mrs. August Benjamin are feeling better, both recovering from recent ailments. Mrs. Benjamin was a Tahoe Forest Hospital patient for several days during June.

Tarzan

by EDGAR RICE BURROUGHS

TO HIS BEWILDERMENT, THE APE-MAN LEARNED HE WAS TO BE SACRIFICED TO A MONSTER CALLED FENRIS.

TARZAN RUFFLED FEELINGS WITH HIS LIGHT-HEARTED QUESTION ABOUT FENRIS, CAUSING LOKI TO SNEER: "I SEE THE PRISONER IS SKEPTICAL. PERHAPS HE NEEDS ENLIGHTENING."

THE PROPHET TURNED ARROGANTLY. "WITH YOUR PERMISSION, GREAT KING, I WILL SHOW THIS UNBELIEVER THE TERROR THAT IS FENRIS."

COLD-EYED AND DRAMATIC, LOKI BEGAN A MYSTERIOUS CHANT. "O MIGHTY ODIN, OUR MASTER GOD-- BRING ME A VISION--"

PICK VAN BUREN JOHN CELARDO

SLOWLY, INCREDIBLY, AN OVAL CLOUD FORMED IN THE ROOM. THE SPECTATORS RECOILED-- 7-15-323

AND SUPPENLY THE CLOUD TRANSFORMED INTO A HIDEOUS CREATURE SPEWING FIRE-- AN ENORMOUS SNARLING WOLF!

WE PEEK INTO A CLOSED SESSION OF THE BILLIONAIRES' CLUB--OBVIOUSLY THE MOST EXCLUSIVE ORGANIZATION IN THE WORLD!

Abbie an' Slat's

by RAE BURN VAN BUREN

WHY NOT? WHY NOT FINANCE THE CAMPAIGN OF AN UNBEATABLE COMBINATION FOR THE PRESIDENCY AND VICE-PRESIDENCY OF THIS COUNTRY? AFTER ALL, A BEAUTIFUL WOMAN'S FACE MIGHT VERY WELL INFLUENCE MORE AMERICANS THAN ANY POLITICIAN'S SPEECH!

IF A GORGEOUS FACE CAN MAKE MISERS DIG DOWN INTO THEIR POCKETS FOR DOUGH THEY'D RATHER DIE THAN BE PARTED WITH...

IF A BEAUTIFUL WOMAN'S SMILE CAN SELL CHILI CON CARNE, BEER, PRETZELS, BOOKS-- WHY NOT THE VOTER? WHY NOT A WOMAN PRESIDENT?

THE BILLIONAIRES' CLUB
MILLIONAIRES--KEEP OUT!

BUT, MCBULLION-- SILENCE, PATCHBY! AFTER ALL, A MAN WHO BARELY EDGED HIS WAY INTO THE BILLIONAIRES' CLUB BY A FEW PALTRY BILLIONS IS HARDLY IN A POSITION TO INTERRUPT ME!

AND LOOK AT THAT FACE-- HAVE YOU EVER BEEN EXPOSED TO A MORE DISSOLUTE BUM IN YOUR LIFE? BUT HE'S HER FATHER! WHAT A COMBINATION! THINK OF IT, MY RICH FRIENDS, SAVOR IT--

"BEAUTY AND THE BEAST." YOU VOTE FOR THE GIRL BECAUSE A BEAUTIFUL WOMAN MAKES HELP-LESS SLAVES OUT OF MEN. YOU VOTE FOR HIM OUT OF SHEER PITY!

JUST ABOUT THIS TIME... IT ITCHES, BECKY, HONEY-- AND YOU KNOW WHAT THAT (GROAN) MEANS?

ELBOW BOTHER YOU AGAIN, POP?

I KNOW--SOMETHING AWFUL IS ABOUT TO HAPPEN TO SOME MEMBER OF THE GROGGINS FAMILY.

7-15
VAN BUREN

KEERECT--EXCEPT THAT BOTH OF 'EM ITCH! THAT MEANS TWO GROGGINSES HAD BEST (CHOKES) WATCH THEIR STEP!!

HOW RIGHT YOU ARE! TO BE CONTINUED
